

International Centre for Eyecare Education

Job Opportunity

Northern Territory Optometrist: Aboriginal Eye Care

Here is a unique opportunity for an optometrist to join the Aboriginal Vision Team of International Centre for Eyecare Education.

The optometrist will facilitate outreach optometry clinics to remote communities and Aboriginal Medical Services across the Northern Territory, and further develop ICEE Aboriginal education projects.

The full-time position will ideally be based in Darwin, with extensive domestic travel required.

If you are keen to do something a little different, have an interest in public health optometry, and seek career path development, please contact Linda Puckeridge, for further information on:
